

***WELCOME  
TO  
NICE TOUCH***

The chemistry between ergonomics and productivity is ancient. Delivering ergonomic comfort is a different level of satisfaction for a company. Bosq is a corporate seating solutions provider paired with international quality standards and designs. With the changing ergonomic needs, Bosq has been researching and developing exceptional products in the arena of workspace chairs.

Bosq is a proud undertaking of Naran Chirakkal Corporate Pvt. Ltd., a family entrepreneurial entity with a rich heritage of providing world-class products. As a brand that has been widening its streams to international workspaces, Bosq is proposing to expand its horizons to deliver a more sustainable and intelligent ergonomic ecosystem to become the best at what we exist for.

Bosq was fortunate to get certified by BIFMA, an accreditation given by third party certifiers for trusted and sustainable furniture brands. This recognition is synonymous with the quality, responsibility, and integrity of a brand.

The root of ergonomics is dynamic. Moreover, excelling in its phases is indeed a challenge. We live through ergonomic aspects, and Bosq is here to enhance the safety, productivity, and well-being of people who place their hearts and souls at work.

## Ergonomic Embrace

Every workspace has a certain amount of stress to bust on a daily basis. When you are feeling exhausted at work, you have to take a break. Just sit back and refresh your mind. Loosen up your shoulders. Relax your body. Bosq is there for you with a hug—an ergonomic embrace.

# Captain Productive

You are the captain of your work cruise. Make productivity your fuel and ace your space. With a peaceful head, everything will fall into place. Choose your perfect space to be productive. Listen to your body.

# Beginning with Sustainability

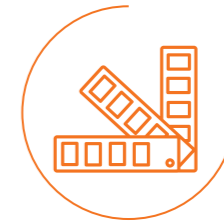

From its inception, Bosq holds the legacy of launching the world's most sustainable line of ergonomic chairs. Bosq has always stood out from its fellow-brands in terms of material innovation and standard use of each element.

## Comfort Spells Out Support

Bosq is the epitome of comfortable seating. The human-centered approach to designing a chair is a delightful way of showing integrity and support. With technological and ergonomic advancements, chairs have surpassed their basic utility to become a persona that takes care of the human body.

## The Expressive Colour Grade

These exceptional ranges of chairs come in expressive shades to match the spirit of your space. Leave behind the dull office and sit peacefully in a vibrant workspace.

## Flawless Art

With its versatile designs and functionality, every chair by Bosq is a work of flawless art. The minimal finish reflects an aura of perfection paired with the effortless comfort of ergonomics.

## Healthy Seating

Your posture has the ability to determine your productivity and health. A seat that aids your movement can reduce the pressure on the spine. Your muscles will be relaxed and your blood flow will be proper. Bosq has a chair for everyone. Every single body is different, and so is every chair. Relax, Bosq has your back.

## People and the Planet

Being a part of a community, we think of every human being and the welfare of the earth. In order to be true to everyone, we practise sustainable manufacturing to avoid any negative impact on people and our planet. The elements of every seating solution are mostly recyclable.

# Ergonomic Living

Be it at any place, comfort is all that matters. It is the driving force that gives the courage to do new things and make significant changes. The hectic work schedule at workspace can be physically and mentally a rollercoaster. And that's the reason why you need a support to keep you relaxed and refreshed through the times. BOSQ provides the ergonomic support you deserve.

## Bosq is the boss

The number of times you sit, you should feel like a boss. Bosq ergonomics with sophisticated seating structure provides a healthy positive seating experience. Design innovation is so manifested in many forms of BOSQ seating that it supports your body and your mind.

## The medical boss

The right seating reduces the risk of injuries and musculoskeletal disorders. The ergonomic features of BOSQ chairs decreases the amount of force required to perform a task and enhancing 3600 mobility and perfect lumbar support. The comfortability supports the individual who is using it, and hence increase peace of mind and productivity.

# The technical boss

## Intelligent mechanisms

With most advanced multi function mechanism, BOSQ proves the pure theory of ergonomics. Absolute synchronisation of the back, seat the arm rest, improves the posture and offer correct support. Maintains all the qualities-precision, movement, ergonomic, longevity and flawless functioning while offering a compact shape, merging with the chair.

## Get right in height

BOSQ' advanced pneumatic spring allows to adjust the height of the seat, makes you most comfortable with your feet flat on the floor, with your knees at a 90 degree angle and parallel to your hips. Adjustable armrest supports your arms in any height and thus shoulders rest at a comfortable position while working. Adjustable headrests provide pure support for your head and neck at any reclined positions.

## Swivel & rotate smoothly

Superior functioning at junction where the usage is rough. Most stable with five points base. No worries at any reclining angles. 360 degree lateral movements prevent strain on the shoulder and ensure easy mobility.

## Backrest lumbar support

The BOSQ chair back support the natural curve of your spine, and thus supports the lower back. Also high enough to support your shoulder and neck region while allowing for flex and movement for reaching activities when sitting. Every contact point of your body enjoys the unconditional care.

## Be mobile

The pliable back allows to move your upper body in many ways. The tough castors give easy mobility and easy slips in & out of any movement.

## BIFMA Certification

BOSQ ergo seating strictly abide by the Business & Institutional Furniture Manufacturers Association (BIFMA) guidelines and hence makes sure of the quality test certification for all BOSQ components.

**Castors: Tested for 1,00,000 cycles**

**Aluminium base: Passed 1450 KGF pressure test (SGS Certified)**

**Gaslift: BIFMA X.5 CLASS 2 (SGS Certified)**

**Performance mechanisms: Tested for 3,00,000 cycles (SGS Certified)**

**\*For selected BOSQ products only.**

## Greenguard Gold Certification

Bosq ergonomic living bears the Greenguard Gold Certification mark indicating low emissions of volatile organic compounds (VOCs) into indoor air.

## 3 Year Warranty

BOSQ is confident of what each product is made of and its prospective usage; hence is able to offer 3 year warranty for all BOSQ products.

Mechanism and accessories as per BIFMA standards
